**DEPARTMENT OF COMPUTER SCIENCE AND ENGINEERING(CYBER SECURITY)**

REPORT OF CLUB ACTIVITY - 1

Date & Time of the Event: 23.08.2025 at 02.00 PM to 3.50 PM

Event Title	Cyber Charade
Mode of condition	Offline
Total no of Participant	52 students from Second year BE CSE (CS)
Gist of the event (Limit 100 words)	A Paper Presentation event was conducted, focusing on a wide range of technical topics. The platform encouraged participants to showcase innovative ideas, research findings, and practical applications across domains such as Artificial Intelligence, Cybersecurity, Cloud Computing, and Sustainable Technologies. The event highlighted creativity, analytical thinking, and effective communication skills, while also promoting collaborative learning and exchange of knowledge. Participants presented with clarity and confidence, receiving appreciation for their efforts. The session proved to be an enriching experience, inspiring students to engage in deeper research, explore cutting-edge technologies, and contribute innovative solutions to real-world challenges.
Participants feedback (50 words)	The paper presentation was a great learning experience. It improved our confidence, enhanced our research skills, and gave us the opportunity to explore new technologies while learning from others' ideas.
